

VETERINARY ENDOTRACHEAL TUBE

VETone[®] endotracheal tubes are made with medical grade polyvinyl chloride (PVC). Every tube has a specially designed high-volume, low-pressure cuff utilizing a unique bonding process that is combined with a soft beveled tip and murphy eye to help ensure smooth intubation and unobstructed airflow. In addition, the tubes feature a pilot balloon with one-way valve, full-length radiopaque line, 1 cm graduation markings and 2 cm indicator mark. Each tube is sterilized and packaged for single use and veterinary use only.

ITEM #	DESCRIPTION	INNER DIAMETER (mm)	OUTER DIAMETER (mm)	LENGTH (mm)	CUFF DIAMETER (mm)	MAX CUFF VOLUME (ml)
6105	10.5 Endo Tube	10.5	14.0	420	35	30
